BRING THE COLOUR TO 2024

Morgan Super 3 customers now have even more ability to tailor their dream vehicle. For decades, Morgan have famously – and proudly – allowed customers to order vehicles in any paint colour imaginable, over 40,000 in fact. And with 40 different interior trim and carpet options to choose from there is an almost endless combination of colourways and options available, ensuring every customer can create a true “one-off”.

In a quest for colour, and ahead of Morgan's 115th summer, we are inviting new customers to embrace their inner creative when specifying a new Super 3, with a full choice of paint and interior trim options included as standard.

Until July 31st 2024, customers placing a new Super 3 order will benefit from a range of options at no additional cost. Those options include any solid or metallic paint colour and any interior textile option. *Terms and conditions apply to this offer

To enquire about your own bespoke specification, please enquire with your nearest Morgan dealer.

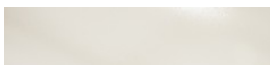

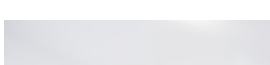

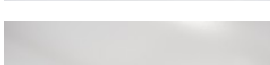

* Offer runs between 1 January 2024 and 31 July 2024 and will only apply to new Super 3 models that are ordered from 1 January and are 'deposit paid' and 'specification fixed' to allow scheduling for completion before 31 July 2024. Options include: Any solid or metallic colour and any interior textile option. Standard ordering terms and conditions apply.

PAINTWORK

Colour forms an important part of any specification and Morgan have the ability to paint any model in almost any colour imaginable. To help customers to reach their decision on colour choice, a range of solid, metallic and three-stage pearl colours have been carefully chosen by Morgan's design team.

FRONT WHEEL FINISHES

The design of the 20-inch front wheels is unique to Super 3. The positive offset allows for the longest possible suspension wishbones, with the brakes mounted far out. This maximises ride quality, handling and stability. To optimise performance, an all-new tyre has been developed with Avon, featuring a unique tread pattern and compound.

COWL FINISHES

The engine resides beneath the nose cone, positioned to deliver optimal weight distribution. The visual mass sits directly behind the centre line of the front wheels, and is a principle proportion of Super 3. This feature can be highlighted further through customisation. The colour of the cowl can be selected from one of the five colours below.

	COWL FINISHES	PRICE (INC VAT)
	Cowl Matching Body Colour	Standard
	Matte Finish To Cowl (Surcharge) ⁽¹⁾	£195.00

STRUCTURAL CASTINGS

Bracing the engine are structural aluminium castings finished in silver or dark grey. These castings support the engine and suspension packages while also ducting air into the radiators. The mechanical requirements of these castings deliver the character of Super 3's face and are therefore a crucial design element.

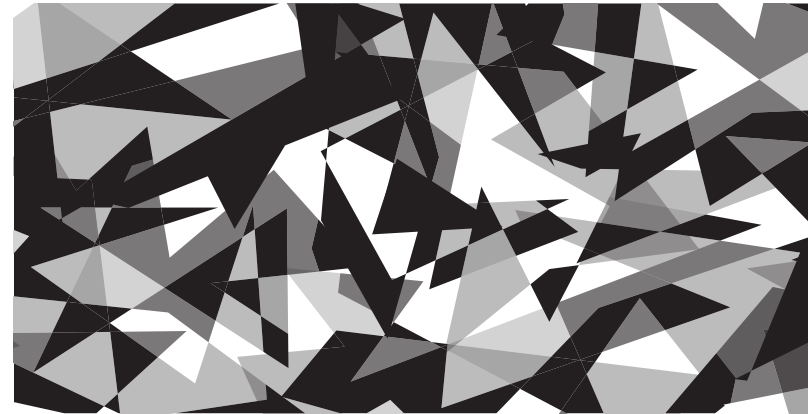

GRAPHICS

Graphics packs play a significant role in the customisation of Super 3. A choice of five full vehicle liveries and seven individual decals can be selected, each of have been designed to add further personality to the vehicle. Aviation and heritage markings have inspired many of the designs. In addition to the liveries and decals, a call sign which adds a 'pilot' and 'co-pilot' name can be chosen, along with an option to add a national flag next to the call sign.

To fully visualise the graphics options, please refer to the Super 3 configurator.
